

Notes about this information:

1. Before St. Columban became it's own Parish around 1837, most weddings etc. were registered under the Parish of St. Scholastique. I have extracted the marriage info. From Ste. Scholastique 1837.

2. This information was extracted from a booklet called:-Répertoire de Mariages Paroisse: Ste-Scholastique (1825-1981) Produced by Société de Généalogie des Laurentides Série: Les Seigneur

3. These marriages are sorted by the groom's family name. At the bottom, I have also listed the names of the bride's in alphabetically order. The numbers noted are as they appear in the above-me interested, I can likely also tell you if the bride and/or groom were of legal age at the time of the wedding. But I'm not sure what the legal age was in 1851 (16 years; 18 years or 21 years old). The b notes if the the parents of both the bride and groom were still living at the time of the marriage. If this info for a specific marriage would help your research, just let me know and I will look it up for yc
